CÓRDOBA

Departamento de Bromatología y
Tecnología de los Alimentos

Prof. Fernando Cámara – Martos PhD.
Department of Food Chemistry and Technology
University of Córdoba
E-mail: bt2camaf@uco.es

To whom it may concern:

By means of this, I certify that I personally know Sergio Varo Rodríguez with DNI 30997238-T since 2018, when he attended as a student to carry out his practical training at the Department of Food Chemistry and Technology of the University of Córdoba.

I can say that Sergio stands out for qualities such as dedication, perseverance, organization and ability to work as a team.

For all these reasons, I consider that Sergio can be a very good candidate to occupy any job in a research center or laboratory.

If you want more information, I am at your disposal for what you need.

Best regards

Prof. Fernando Cámara – Martos PhD.
Assistant Professor
