A request for reconsideration of the decision of the Board of Examiners will only be considered if submitted in accordance with the University's Academic Appeals procedure. There is a copy of this in your Student Handbook and at http://www.ntu.ac.uk/current_students/resources/student_handbook/appeals/index.html. A request may only be made on the grounds listed, which specifically exclude disagreement with the confirmed assessment marks or degree classification awarded. Any request for reconsideration must be received within 15 working days of despatch of this notification of results, using the form specified in the appeals procedure documentation. The award ceremony invitation of a final year student requesting re-consideration is automatically withdrawn pending the outcome of the request.

Additional information on NTU programmes, grading schemes, the function of the qualification and the UK education system can be found at <http://www.ntu.ac.uk/diplomasupplement/>
